

K.V. Hansen

Over 70 years of treating customers like family

When K.V. Hansen started Hansen Chevrolet back in 1952, he knew that if he took good care of his customers, they would be back when it was time to buy another car or truck.

Now, three generations later, we still treat our customers like family and enjoy the highest customer satisfaction rating of any GM dealer in Utah.*

In 2019 we were recognized by DealerRater® as Utah's "Dealer of the Year" for each of our new car brands and received the "2019 Consumer Satisfaction Award." The only dealership in the state to be so honored. Read what our customers are saying on Google® and DealerRater® with over 500 five-star reviews.

What to look for in a car dealer

HANSEN MOTORS

NOT TOO BIG

Some dealers are so big that they can't give you the personalized service you deserve. They leave you feeling like you are just a number.

NOT TOO SMALL

Others are too small. Instead of the car that's right for you, they try to sell you whatever they have on the lot. When it comes to service, they just don't have the equipment and expertise to keep your vehicle running at it's best.

JUST RIGHT

At Hansen Motors we treat you like family. With over 200 vehicles to choose from, we have the car, truck, or SUV that's right for you.

We are the number one rated full-line General Motors dealer in Utah with Chevrolet, Cadillac,* GMC,* and Buick* all under one roof. Award-winning vehicles built for every need, taste, and budget.

If you are thinking of a used car, think of Hansen's. All of our used vehicles are fully inspected and ready to go. Every car from Hansen's comes with complimentary car washes and free tire rotation for life.

We have been taking care of customers and their cars for three generations. Photo circa 1965.

Our award-winning service team will keep your vehicle running like new. We have some of the most knowledgeable service technicians in the business.

Financing is never a problem with Hansen Motors. GM Financial can fund your purchase or lease for new vehicles or we can work directly with your bank or credit union with on the spot financing for new and used vehicles (OAC).

When you are looking for your next car we hope you will consider Hansen Motors.

Whether it's a simple oil change, or a major repair, we have the what it takes to fix your vehicle right.

*Based on 2018 GM Dealer RSI, rated number one for Cadillac, GMC, and Buick.
