COLORADO — WHAT'S NEW

WHAT'S NEW IN 2018

ZR2 PRODUCTION RAMPED UP

- Colorado ZR2 — the performance variant exclusively designed for rugged off-road trail riding and rock climbing — will be in its first full year of production
- See page 9 for more details

ACTIVE TOW VIEW (RPO: CTT)

- Uses Rear Vision Camera screen to help driver line up and connect a trailer
- Active Tow View features a dynamic on-screen guideline on the camera image
- Driver engages Active Tow View by touching a button on the Rear Vision Camera screen
- Driver can keep Active Tow View on for several seconds after moving forward to help check if the connection is secure
- Standard with available 3.6L V6 and 2.8L Duramax® Turbo-Diesel engines
- Paired with Tow/Haul Mode

OTHER CHANGES

- Rear Vision Camera now standard on all Colorado trim levels
- Available body-color, power-adjustable outside rear-view mirrors now heated
  - Available in LT Convenience Package
  - Standard with Z71® and ZR2
- 4WD notification now appears on DIC
- Jet Black leather-appointed seats to be available in Z71

COLOR CHANGES

NEW COLORS

- Satin Steel Metallic (G9K)
- Kinetic Blue (GD1)
- Deepwood Green (GMV)
- Wheatland Yellow (GEW)
  - Limited availability

DELETED COLORS

- Laser Blue (G7Z)
- Cyber Gray Metallic (GBV)
- Brownstone Metallic (GWX)

Most Chevrolet Parts and Accessories sold and installed on a Chevrolet vehicle by a Chevrolet Dealer or a Chevrolet-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New Vehicle Limited Warranty. If Chevrolet Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. Does not apply to Associated Accessories. See your dealer for details.

1 Use only GM tire and wheel combinations. See chevrolet.com/accessories for important tire and wheel information.

- Cargo tie-down rings

GearOn™ Utility Rack Package (LPO: PDX)

- Cross rails tiered storage system
- Ladder and utility rack stanchions

COLORADO ZR2 — A SEGMENT OF ONE

WHY ZR2 IS MORE THAN AN OPTION PACKAGE:

- ZR2 comes equipped with a **segment-exclusive Multimatic Dynamic Suspensions Spool Valve (DSSV)** damping system tuned specifically for off-road experiences
- ZR2 also offers a **comfortable, controlled on-road driving** experience thanks to the capability and precise tuning of the Multimatic damping system
- ZR2 is built on a **performance chassis** with rocker protection, skid plates, stabilizer bars and purposely designed front and rear bumpers to optimize **approach and departure angles**
- **Electronic locking differentials** on both front and rear axles help drivers handle off-road challenges
- ZR2 has a **wider track** by 4 inches and **higher ground clearance** by 2 inches (compared to the base Colorado)
- It can still tow up to **5,000 lbs.**[1] and carry up to **1,100 lbs.**[2] with either the standard V6 engine or available 2.8L Duramax Turbo-Diesel
- With a **unique hood and fascia**, and ZR2-specific wheels, this truck's appearance has its own attitude too

Colorado ZR2 model shown.
Preproduction model shown. Actual production model may vary.

VS.

	2018 COLORADO ZR2	2018 TOYOTA TACOMA TRD PRO
CAPABILITY		
Engine	3.6L V6 standard or **2.8L Turbo-Diesel** available	3.5L V6
Horsepower	**308** (3.6L)/186 (2.8L)	278
Torque (lb-ft.)	**275 (3.6L)/369 (2.8L)**	265
Tread width (ins.)	**65.9** (front and rear)	64 (front and rear)
Ground clearance (ins.)	8.9	9.4
Approach/Departure angles	29.9°/23.5°/23.6°	35°/23.9°/19.1°
Dampers	Multimatic DSSV **Position-Sensitive Damping**	Fox Internal Bypass
Differentials	Electronic locking, **front and rear**	Electronic locking rear only

= ZR2 wins

1 Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. **2** Cargo and load capacity limited by weight and distribution.

Rear Underseat Storage (LPO: VBJ)

Tubular Assist Steps (RVS)

Soft Roll-Up Cover with Embossed Chevrolet Logo (VPB)

Most Chevrolet Parts and Accessories sold and installed on a Chevrolet vehicle by a Chevrolet Dealer or a Chevrolet-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New Vehicle Limited Warranty. If Chevrolet Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. Does not apply to Associated Accessories. See your dealer for details.

1 IntelliHaul Trailering Camera System is an Associated Accessory sourced from EchoMaster®, an independent supplier and is not warranted by GM or its dealers. GM is not responsible for the safety or quality of third-party supplier alterations. EchoMaster® provides a 3-year/36,000-mile manufacturer's warranty. For details on the warranty provided by EchoMaster® (Power Brand of AAMP Global), please call (866) 766-2267. **2** Use only GM tire and wheel combinations. See chevrolet.com/accessories for important tire and wheel information.

- 4-inch assist steps (VXJ)

Texas Edition (PDA)

(Gas engine only; not available with PCM)

- Same content as PDU
- With Texas Edition badges

1 Use only GM wheel and tire combinations. See chevrolet.com/accessories for important tire and wheel information. **2** Visit onstar.com for coverage map, details and system limitations. **3** Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

AVAILABLE SAFETY FEATURES

The following features may not be available on every vehicle. Please review your order guides for more details.

Front and Rear Parking Assist: Below 5 mph (8 km/h), provides distance-to-object alerts to help the driver park and avoid crashing into nearby detected objects directly ahead or behind the vehicle during low-speed maneuvering.

Lane Change Alert with Side Blind Zone Alert: Provides side-mirror alerts to help the driver avoid crashing into a moving vehicle detected in their side blind spot (or zone) or a vehicle rapidly approaching their side blind spot during a lane-change maneuver.

Rear Cross Traffic Alert: When in Reverse, provides alerts to help driver avoid crashing into approaching detected left- or right-cross traffic (for example, out of a crowded parking space or driveway with side obstructions).

Lane Keep Assist with Lane Departure Warning: Provides gentle steering wheel turns (and alerts, if necessary) to help drivers avoid crashes due to unintentionally drifting out of their lane when they are not actively steering and their turn signal is not activated.

Lane Departure Warning provides alerts to help drivers avoid crashes due to unintentionally drifting out of their lane when their turn signal is not activated.

Forward Collision Alert: If the system detects that a front-end collision situation is imminent while following a detected vehicle, the system alerts the driver to a potential crash. It also alerts the driver if the driver is following a detected vehicle much too closely.

Low Speed Forward Automatic Braking: When the vehicle is traveling below 50 mph and the system senses that a front-end collision with a detected vehicle is imminent, this available feature automatically applies the brakes to potentially help reduce the severity of impact. It may even help avoid an accident altogether at very low speeds.

Adaptive Cruise Control: This feature enhances regular Cruise Control to allow the vehicle to automatically follow a detected vehicle ahead at the driver-selected following gap while the driver steers, reducing the need for the driver to frequently brake and accelerate.

IntelliBeam Headlamps: Activate the high-beam headlamps to illuminate the road ahead and improve visibility especially in dark conditions. With the help of the front camera mounted on the windshield in front of the inside rearview mirror, the system recognizes the headlamps or taillamps of another vehicle and automatically switches the headlamps to low beam to prevent impairing the vision of drivers in other cars.

Safety Alert Seat: The GM-patented Safety Alert Seat provides the driver the option of getting haptic seat-bottom vibration pulses instead of audible crash avoidance alerts.

NOTE: Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle's Owner's Manual for important feature limitations and information.
