CARVE YOUR OWN PATH Come for the sporty performance. Stay for the nimble maneuverability. Add a tight turning radius and you have what it takes to savor every twist and turn the road has to offer.

ALL-WHEEL DRIVE Encore's available All-Wheel-Drive (AWD) system doesn't ask you to push buttons. It constantly monitors traction, and whenever it detects loss of traction, the AWD system automatically activates and sends power to the front or rear wheels with the best grip.

STABILITRAK To help you stay confidently in command of the road ahead, the StabiliTrak stability control system applies quick, precise force to the brakes when it senses a difference between the direction of the wheels and the steering wheel.

Encore Preferred shown in Ebony Twilight Metallic with available features.

ADD STYLE TO YOUR EVERY MOVE

WELL-SUITED FOR ANY TASK Encore gives you roomy seating for up to five. And thanks to its 60/40 split rear seats and flat-folding front-passenger seat, it also offers you the versatility to carry various combinations of passengers and cargo. So whether you need to seat your friends in surprisingly spacious luxury or load your belongings into the cargo area, Encore easily adapts.

SECURITY COVER To help protect your possessions, cover your cargo area with the available cargo shade.

EXTRA-LONG CAPACITY You've got things to carry. Encore is here to help. The front-passenger seat folds flat to accommodate items up to 8 feet long!¹

VERSATILITY

SMALL TOUCHES AND LARGE STATEMENTS

QUIETTUNING™ TECHNOLOGY Buick QuietTuning technology with Active Noise Cancellation helps reduce, block and absorb unwanted noise by utilizing many measures, including triple door seals and acoustic laminated glass. A hushed cabin means you can better enjoy conversations, quiet time or Encore's sound system.

A PRIORITY OF SAFETY

PERCEIVE To help make you more aware of your surroundings, Encore empowers you with available technologies that help raise your awareness of the road around you.

PREVENT When certain hazards are detected, available features on your Buick Encore can trigger alerts to let you know.

PROTECT In the event of a crash, strong structural dynamics, intelligent airbag systems¹ and other advanced safety systems work in concert to help protect you and your passengers.

AVAILABLE DRIVER-ASSISTANCE AND SAFETY TECHNOLOGIES

Front and Rear Park Assist • Rear Cross Traffic Alert • Lane Departure Warning • Side Blind Zone Alert • Forward Collision Alert • Rainsense wipers

For a detailed look at the active safety technologies available in the 2021 Encore, please visit [buick.com/suvs/encore](https://www.buick.com/suvs/encore).

¹A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

ONSTAR SAFETY AND SECURITY

DESIGNED FOR ADDED PEACE OF MIND As you travel with the ones you care about most, OnStar® is available to help empower every moment. With the OnStar Safety & Security Plan,¹ you can have a 24/7 lifeline to specially trained Advisors ready to help if you've been in a crash, your vehicle's been stolen,² you're lost or you need Roadside Assistance.³

EMERGENCY HELP WHEN IT MATTERS MOST If you are in a detected crash, available Automatic Crash Response⁴ can use your vehicle's built-in sensors to alert an Emergency-Certified Advisor⁵ who can send for help, even if you can't ask for it. Using Injury Severity Prediction technology, these specially trained Advisors can provide first responders with critical information, including the likelihood of serious injury. You can feel confident knowing OnStar Advisors are ready to help, 24/7.

SECURITY YOU CAN TRUST If your vehicle is stolen, OnStar Advisors can help with available Stolen Vehicle Assistance.² They can pinpoint your vehicle's location, prevent it from restarting and work with local authorities to help recover it. They can even slow it down if authorities deem conditions are appropriate. Plus, with Theft Alarm Notification,² you can be alerted via text, email and/or a phone call if your vehicle alarm sounds.

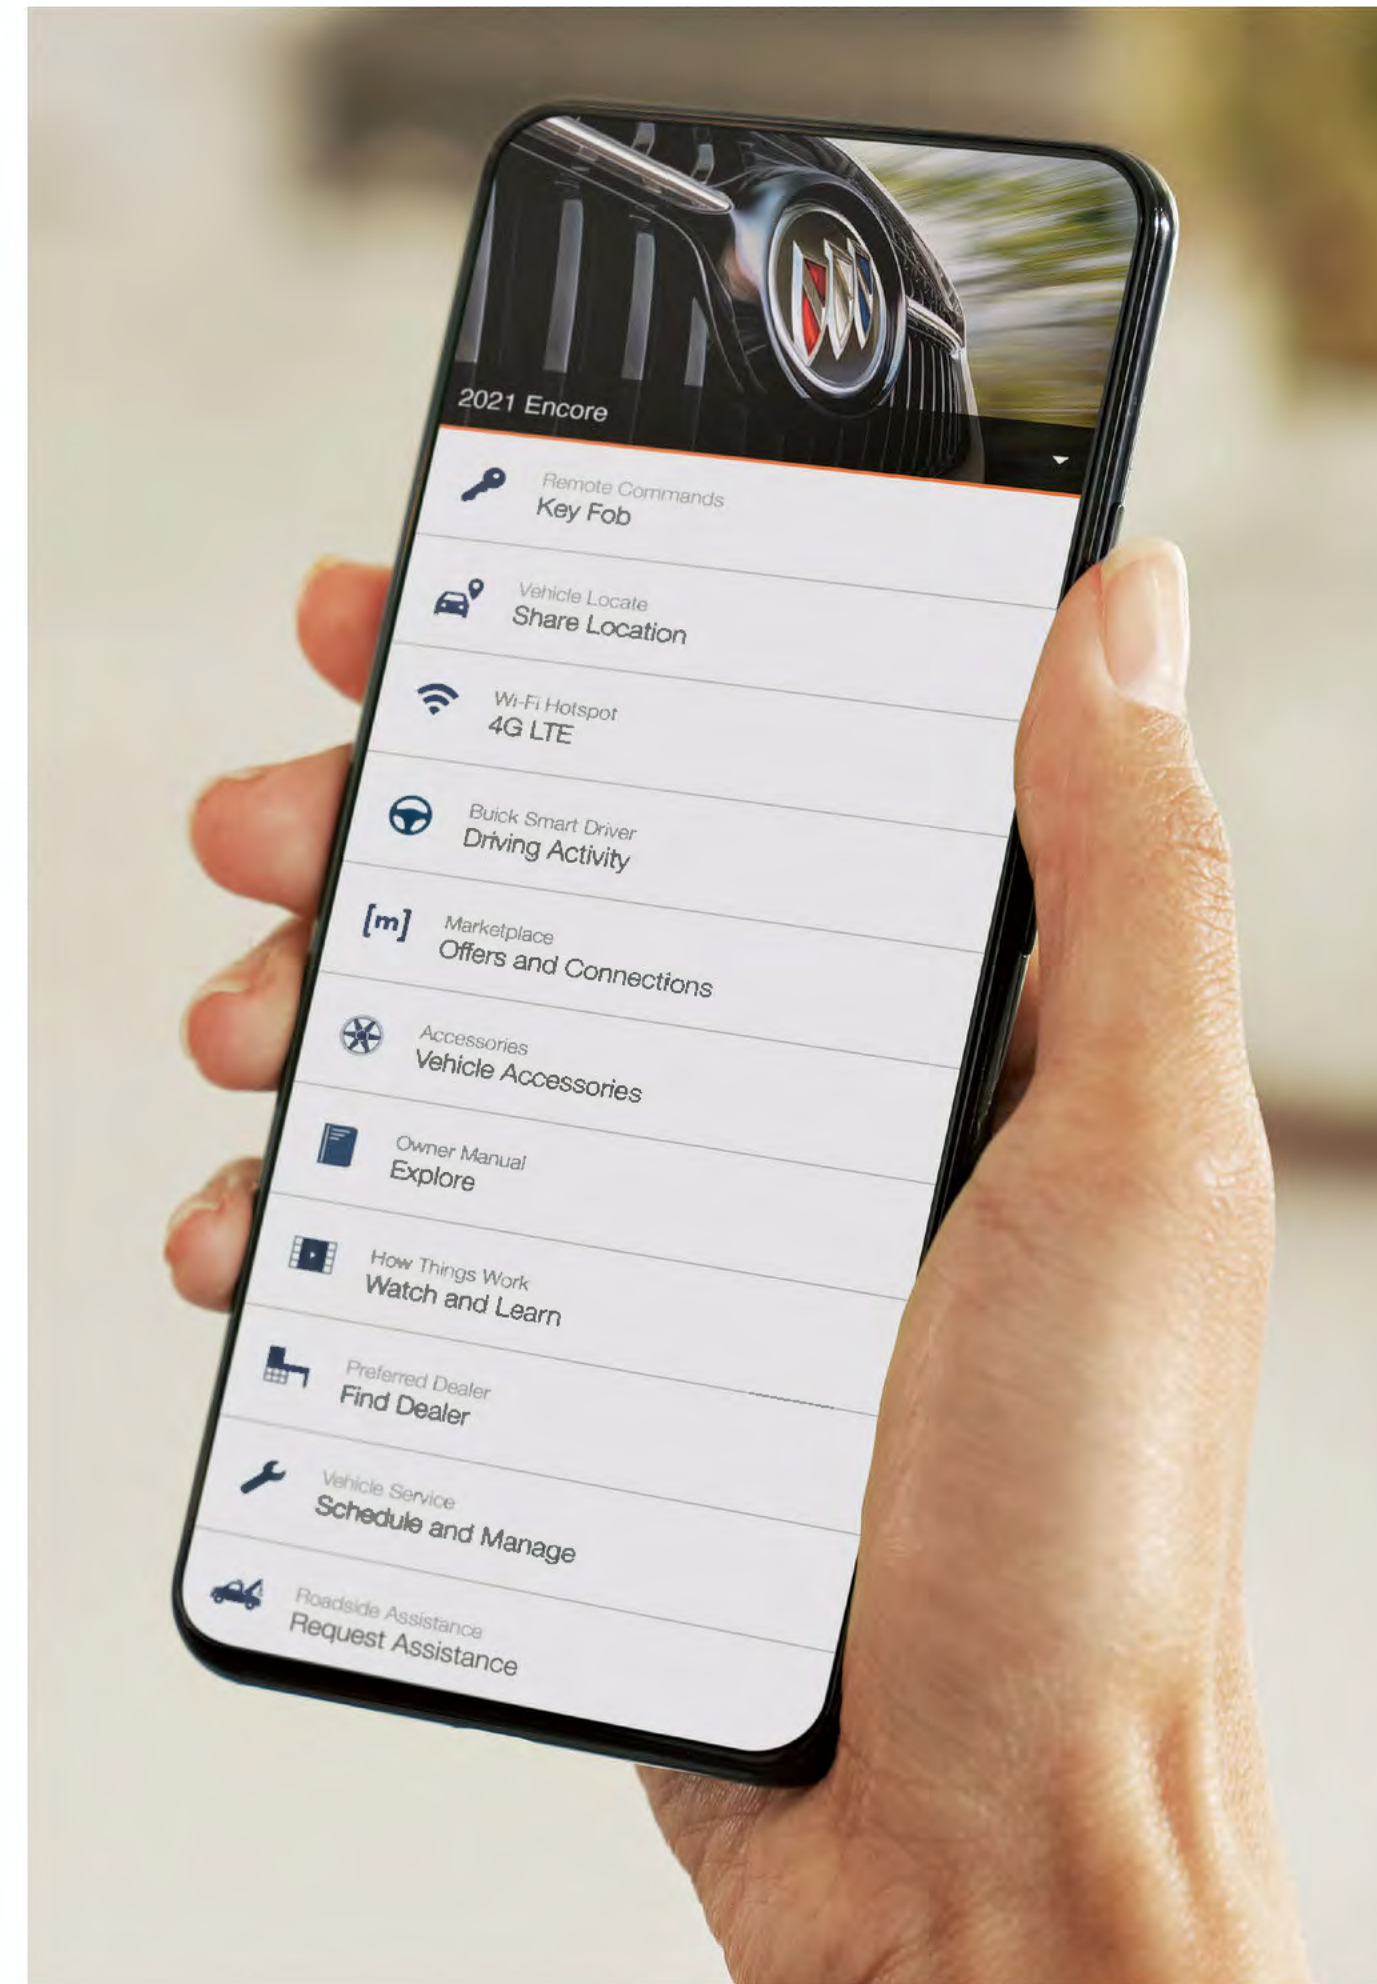

¹OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. See onstar.com for details and limitations. ²Stolen Vehicle Assistance requires armed GM factory-installed theft-deterrent system, contact method on file and enrollment to receive alerts. Additional messaging and data rates may apply. Services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. ³Roadside services provided by Allstate Roadside Services. ⁴Not all vehicles may transmit all crash data. ⁵OnStar Emergency Advisors are certified by the International Academies of Emergency Dispatch.
