Dear Greg,

I am writing to personally thank you for your recent gift to the CJ Diabetes Fund.

In memory of Cammie Johnson, her parents and community volunteers raise funds with a Charity Concert to provide camp and education scholarship opportunities for our local children and young adults to live well with type 1 diabetes. Past proceeds to support high school seniors in Menomonie, Boyceville, Colfax, Elk Mound, Durand and Eau Claire. Over 75 kids with T1D from Wisconsin, Minnesota and North Dakota have been sent to qualified diabetic camps. Last year, they provided funds to Chippewa Valley Technical College and University of Wisconsin – Eau Claire for the continuing education of nursing students.

The Community Foundation of Dunn County is committed to building and preserving permanent funds for the support of arts and culture, education, environmental needs, community progress, health and human services. **Whether you give to us or through us, you help us to fulfill our mission of improving the quality of life for all of our residents.**

We would love to keep you in the loop about all our good works – head over to our website at www.cfdundercounty.org or like us on Facebook. I think you will be thrilled and surprised by all that we do. Again, thank you for your gift to support an important cause in our community.
Warmest regards,

Georgina Tegart
Executive Director

Durand Sportsmen's Club Donor:

Thank you for your generous support of the Durand Sportsmen's Club 2017 Banquet. Your donation, along with those of other conservation-minded businesspersons and individuals, allowed the Club to have a very successful banquet. These funds raised from the banquet will all stay in the area, and will be used to continue the club's many projects in the Chippewa Valley.. If you were able to attend this year, we hope you enjoyed our event. If not, we hope to see you next year!

Again, Thank You!

Sincerely,

*Durand Sportsmen's Club

Dear Friends,

Thank you so much for following the doctor's advice (so to speak) by your recent donation to Stepping Stones. Your contribution of \$50 will help provide fruits and veggies, and other nutritious food, to the 60 families (on average) visiting the food pantry every day.

Children who get adequate nutrition do better in school and have fewer health and behavioral problems. Seniors who eat well are also healthier and, consequently, may be able to live independently longer. As we know, an apple a day is good for everybody!

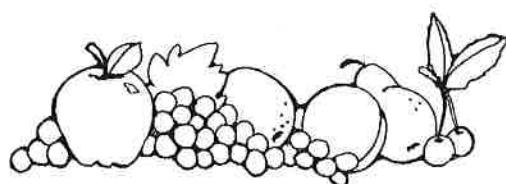

Other advice the doctor gave that I especially like is "Use your words to verbalize your emotions." This makes me smile thinking of toddler temper tantrums but, really, it's appropriate to all ages. At Stepping Stones, we are *feeling* grateful to you for helping provide apples and other good food through the pantry, shelter beds for families who are temporarily homeless, utility assistance for people in emergency financial need, support and referrals, and much more for many people in need in our community.

We couldn't do it without you.

Thanks again,

Katherine Dutton
Executive Director

Dear Greg,

On behalf of Lutheran Campus Ministry (LCM) at UW-Stout I would like to thank you for your generous gift of \$100.00. Your commitment to helping LCM students share their faith and ministry here at Stout and in our community is genuinely appreciated.

Each year, Lutheran Campus Ministry continues to advance its mission of “*inviting students to put their Christian faith into action.*” Through our Monday night programs, weekly bible studies, worship, and service opportunities, we have seen many lives changed and given students the ability to change others’ lives.

The goal of Lutheran Campus Ministry is to continue to make a difference in the lives of our students. With the help of donations from supporters such as yourself, we will continue to see improvements in outreach and connection to our campus community.

Thank you again for your generous support of our mission and allowing us to continue to provide students with a warm and faithful community at UW-Stout.

God’s Blessings,

Katie Wagner

Dear Gregory,

It is an honor for me to share that since its creation, the *Chancellor's Fund of Teaching Excellence and Student Success* (CFTESS) has raised \$110,765. The CFTESS has provided vital resources for faculty and staff professional development when budget cuts, beginning in 2015-2016, eliminated the System contribution to UW-Stout for this purpose. Your support truly impacts our ability to recruit and retain outstanding faculty and staff, which in turn, allows us to continue to offer an exceptional, career-focused education for our students.

During 2016-2017, the CFTESS provided \$20,000 of additional funding for faculty and staff professional development. This was about 1/3 of the total amount that was available for professional development last year. Because of this funding, we were able to support 91% of the proposals that were submitted to the review committee.

Here are a few examples of how your gift impacted the faculty and staff at UW-Stout:

- Heather Stecklein, University Archivist, attended a conference that changed her approach to how to work with departments and programs on managing and archiving records.
- Douglas Whitaker from the Mathematics, Statistics & Computer Science Department, attended a conference which expanded his knowledge of a new assessment required for students to be licensed to teach Mathematics in Wisconsin. He also developed a network of fellow educators which will be helpful in ensuring that he is up-to-date with best practices in assisting students in passing the certification requirements and becoming strong educators.
- Julie Beston, a Biology professor, met a person involved with iNaturalist, an application that allows for uploading pictures of plants and animals to a website for identification by experts. She is planning to develop new laboratory exercises based on this technology.

This next year, we are looking to use an additional \$20,000 from the CFTESS to provide opportunities for faculty and staff to attend and/or present at professional conferences, conduct research and expand their knowledge of industry trends, emerging technology and teaching methods. Thank you again for your partnership with the *Chancellor's Fund of Teaching Excellence and Student Success*.

With great appreciation,

Attn. Bryan Duffey

I want to thank Northtown Ford and Bryan Duffy for the outstanding service associated with my vehicle purchase.

Within 2 days of me purchasing a used vehicle, I noticed that the steering had a funny feeling. I asked Bryan and he suggested that I have the Service Department take a look at it. The steering control arm needed to be replaced and it is a very expensive part, not even considering the labor.

It was a used vehicle, and even though they didn't have to, Northtown Ford covered the total cost of the repair.

Now days, that kind of service is hard to find.

So, again THANK YOU.

Sincerely,
