

Oak Hills Ranch Community Advisory: WATER CONSERVATION
Friday, December 23, 2022

Dear Oak Hills Ranch Residents:

Due to equipment repairs in your area resulting from the severe weather system, we are requesting your help with water conservation efforts at this time.

As a precaution, we ask that you **please lower your water use for laundry, dishwashing, and other non-essential activities as much as possible** while we work to address this situation. You may leave your exterior wall adjacent faucets running with a light trickle of water to help prevent pipe freeze, but please restrict non-essential water usage at this time.

We will notify you and post a "Water Conservation Lift" as soon as this situation has been resolved. Meanwhile, we encourage you to visit the CSWR-Texas webpage and check the Advisories.

Thank you for your cooperation.

Sincerely,

CSWR-Texas Utility Operating Company
