

Mississippi Public Service Commission Rate Schedule No. 2		
Water Service - Mitigated		WSM-2
Effective Date	Date of Version Superseded	Page
July 15, 2024	March 1, 2023	1 of 2

APPLICABILITY

Rate Schedule WSM is a temporary rate designed to mitigate the rate impact to customers that may otherwise be experienced following system acquisition by Great River. This rate schedule applies to all customer systems identified in the List of Systems contained in Great River’s Water Tariff that were receiving water service from Great River pursuant to rates that were adopted by Great River following Great River’s initial acquisition of the system or temporary rates established for Great River following initial acquisition at any time in the calendar year preceding the year the Company makes an Annual FRP Filing under Rider FRP. Rate Schedule WSM shall apply for the regulatory year following approval of the first Annual FRP filing made after the system’s acquisition. Following approval of the second FRP filing made after the system’s acquisition, such system’s customers shall be served under Great River’s Rate Schedule WSG.

AVAILABILITY

Water service is available under this rate schedule on a uniform basis within Great River’s certificated service area subject to the Service Charges, Service Rules and Regulations, and the Service Extension Policy. Service is for the exclusive use of the customer and shall not be resold or shared with others.

MONTHLY RATE FOR SERVICE

Monthly rates for service have been designed into two separate customer tiers (Tier I intentionally omitted) to reflect differences in the type of service provided by the Company across Mississippi. The monthly rate tiers below reflect differences in costs inherent in providing service to customers in each tier.

TIER II RATES

Tier II rates apply to customers in communities where the Company supplies water from Company-owned wells.

Monthly Rates by Meter Size:

- 5/8” and 3/4”:** \$36.77 for the first 2,000 gallons consumed
\$3.56 for each additional 1,000 gallons consumed

TIER III RATES

Tier III rates apply to customers in communities where the Company sources water from a third-party provider.

Monthly Base Charge:	\$31.21 per Unit
Pass Through Monthly Charge:⁴	\$16.75 per Unit

ADDITIONAL RATE ADJUSTMENTS

The monthly rates for water service are subject to adjustment annually through Great River’s Commission-approved Formula Rate Plan, Rider FRP. Great River reserves the right to apply to this rate any applicable proportionate part of any tax or assessment imposed or levied by any governmental authority in addition to the base monthly charges set forth above.

³ This schedule reflects non-metered rates. As customers are provided a meter and usage data can be captured, customers will migrate from a non-metered rate to a metered rate.
⁴ The Pass Through Monthly Charge is subject to an annual true up by the Commission.
